

Guided School Tour Visit
to

Historic St. Mary's City:

Arriving for Your Tour

HSMC Education Department

Social Narratives for School Tour

A Field Trip

- We are going to Historic St. Mary's City!
- It is an outdoor *living history* museum.
- *Living history* means they are teaching about the past by acting it out!
- Historic St. Mary's City has people wearing costumes, buildings made to look like they did a long time ago, and lots and lots of fun history!

HISTORIC 
ST. MARY'S CITY

A Bus Trip

- We might arrive on a bus.
- It may be a yellow school bus, or a bigger one that's a different color.

Tour Guides

- My class will have a tour guide. They will tell me lots of good information.
- Our tour guide could be a man or a woman.
- They will be with my class while we are at the museum.

Tour Guides

- Our tour guide may tell my class rules to help keep us safe:
 - We will be walking. We will not run.
 - We will raise our hands if we are asked a question and know the answer.
 - We will listen respectfully.
 - We will stay with our class.

Big Blue Barns

- When I first get to Historic St. Mary's City, I might see a few big blue barns and the parking lot.
- One of these barns is the Visitor Center.

Places to Rest

- There are picnic tables outside of the Visitor's Center where I may sit and rest or eat.

Places to Rest

- There is a water fountain shaped like a barrel near one of the other blue barns.
- I can get a drink of water here if I need to.

Places to Rest

- The Visitor Center is quieter than outside, and I may rest here for a few minutes.

For Help

- If I need help or have a question, I can tell my guardian, my teacher, or my tour guide that I need help.
- I can also go into the Visitor Center and ask for help from the people inside.
